2 Practice presentation

After the meeting on December 08, certain slides changed drastically in order to improve the structure and content of the presentation. This meeting was held to get feedback on those adjustments.

- Project information:
 - Small difference in font color
- Innovation and requirements:
 - Structure much better, good interaction
 - Wrong prototypes were included in slides
 - Extra slide for proof on concept has to be added
- Tools and configuration:
 - Part on JBoss and Seam was too detailed.
 - Reason why we have chosen for JBoss was missing.
 - Presentation took too long (12MIN).
 - There has to be more interaction between speakers.
- Recap
 - Should more focus on requirements and innovation.
