

Minutes Meeting 20

Wouter Van Rossem

April 23, 2010

1 Meeting Information

Date: Wednesday, April 19, 2010

Time: 18H00–19h00

Place: Infogroep

1.1 Attendees

Following members were present:

- Nick De Cooman
- Bart Maes
- Jorne Laton
- Patrick Provinciael
- Wouter Van Rossem
- Sina Khakbaz Heshmati

Following members were absent:

- Jonathan Jeurissen

1.2 Revision History

Rev.	Date	Description
1.0	April 22, 2010	First draft created

2 Revision of documents

Almost all documents are now revised, they should be quality assured and put online as soon as possible. Some remarks/suggestions about the documents were also given:

- The document history should note what was actually changed in the revision and not just “updated the document” for example.
- When the SDD is published on the website, the diagrams should be available separately for easier viewing.

3 Next priorities

We will now focus on adding all the important functionalities, in order to get a good working webapplication.

We also decided that we would not implement the Salespal functionalities. Instead we will users of the website handle their own payments. Extra fees such for e.g. placing an auction will be taken care of by a monthly invoice to the seller.

Instead of Salespal, the hot deals will be implemented as a special feature of our application.

4 Division of the labour

It was decided that the different tasks will be divided as follows.

Name	Tasks
Patrick	Admin dashboard User Dashboard Categories
Nick	Limited login attempts Hot Auctions Roles and Permissions
Sina	Salesmen pro
Jonathan	(Normal) Auction list
Jorne	Comment on auction Check finished auctions Clean URLs
Wouter	Transactions
Bart	Visual design

The admin dashboard includes removing an auction, removing a user and modifying default fees. The user dashboard should be expanded with viewing placed, active and won auctions.

Please consult the SRS and SDD documents for more information on these tasks.

5 Development blog

Not everyone has added a post to the development blog. Team members are encouraged to write something on the blog whenever they learn something new. At the end of the project, everyone should have added at least one post.

6 Next meeting

There will be a workshop on Wednesday, April 28, 2010 from 14h until 18h.

7 Agenda

A complete list of Agenda items is available on [1].
