2 Timesheets

References in the timesheets for the preparation for the first conference will be put online after the conference. Meanwhile, "This reference will be put here after the conference" will be put as a reference for these items.

3 New versions of the documents

New versions of the following documents will be put online before the conference:

- SRS
- SCMP
- SPMP
- SQAP

4 Comparison documents of other groups

Each team member will check the documents he has written with the corresponding documents of the other groups. If this has already been done, he will check for updates to these documents.

5 Workshop by Sina on implementation

Next, Sina gave a tutorial on how to use Seam in Eclipse. Nick will also write a summary of this on the wiki.

6 Implementation

Before the implementation can begin, a revision of the design is needed. More complete coding conventions should also be determined.
